

ROBBER CAPTURED BY JEWELLER HELD IN \$15,000 BOND

Store Proprietor Beaten by
Thief Brings Gems to Court
as Evidence.

John Cahill, alleged to be one of the two men yesterday tried to hold up and rob George Coulton, a jeweller, in his place of business at No. 120 Broadway, at the corner of Maiden Lane, was held in \$15,000 bail for examination today by Magistrate Murphy in the Tombs Police Court.

Coulton, who put up a stiff fight against the robber, appeared in the court as the chief witness against Cahill. His eyes were blackened and his head lumpy with bruises from the given attack. He was unable to give a statement.

The accused man asked to be given a chance to secure counsel and said he would be able to furnish bail up to \$5,000.

"Who will put up that amount of bail for you?" asked the Magistrate.

"My people," said Cahill.

He appeared dismayed when the sum of \$15,000 was asked. Magistrate Murphy set the examination for Monday and Cahill went back to the Tombs.

Mr. Coulton brought with him to court the tin box of diamonds which the robbers tried to steal from the jewelry establishment. He was referred to the District Attorney when he asked to be allowed to keep the box so that he might have the gems to offer for sale.

FACTORY OWNERS TEST JOHNSON'S RIGHT TO ORDER FIRE SPRINKLERS

Construction Specified by Fire
Commissioner Fought in
Kaye's Case.

Justices Moss, O'Keefe and Zeller of the Court of Special Sessions are to determine whether or not owners of factory buildings in the Borough of Manhattan are to be compelled to install automatic sprinklers, according to the construction suggested by the Fire Department.

The three Justices are hearing evidence on this subject in the case of Charles Kaye, owner of the twelve-story building, Nos. 30-32 West Twenty-sixth street, in which more than seven hundred persons are employed by various firms. Mr. Kaye was ordered by the Commissioner Johnson, in April last, to install automatic sprinklers throughout the building. He refused and was arrested for a misdemeanor.

Norwood & Marden, of No. 68 William street, attorneys for Mr. Kaye, put in a defense that Fire Commissioner Johnson had no right to make an order that sprinklers should be installed according to certain construction prescribed by the Fire Department.

It is expected that the taking of testimony in the case will occupy several days. The decision of the Court will settle the dispute between Commissioner Johnson and the building owners.

Deleage Ambassador to Russia.

PARIS, Feb. 20.—Theophile Deleage, formerly French Minister of Foreign Affairs and Minister of Marine, has been appointed French Ambassador to Russia in succession to Georges Louis, who has retired on reaching the age limit.

Accused of Homicide, Exonerated by a Jury.

Harry Beecham Had Been Charged With Causing the Death of His Companion.

A jury in Coroner Heintzelman's court discharged today Harry Beecham, who has been locked up in the Tombs, accused of homicide, since Jan. 15. Beecham was charged by the police, on the authority of an autopsy made by Coroner's Physician Weston, with causing the death by strangulation of Bertha Ulmer of Bayonne, N. J., in a rooming house at No. 221 West Twenty-third street on Jan. 14.

The couple lived in the rooming house as man and wife. The woman was found dead in her room. Beecham had disappeared. Within a few hours after the discovery of the body the proprietor of the rooming house received a letter from Beecham asking that the latter's suit case be sent to a district messenger office in Eighth avenue.

Defendants followed the suitcase and found Beecham. Appearance indicated to the Coroner and Dr. Weston that the woman had been choked to death. Testimony was adduced at the inquest today to show that the woman had been a sufferer from epilepsy fits. It was possible for her to have died by asphyxiation due to strangulation in one of these fits. No motive could be found which would have been compelling enough to cause Beecham to kill his companion. The verdict of the Coroner's Jury fully exonerated him.

WARNING OF WAR IN POINCARÉ'S FIRST MESSAGE TO FRANCE

Peace Is Not Decried by One
Power, and Nation Must Be
Ready, Says New President.

PARIS, Feb. 20.—Raymond Poincaré, the new President of the French Republic, in his first message, read to the two Houses of Parliament today, made pointed references to the necessity of increasing France's military forces.

After setting forth his conceptions of the Presidency and the necessity for a firm Executive power, he alluded to the noble ambitions of the French Republic and its services to justice, education, science, letters, art and finance.

President Poincaré then referred to the responsibilities of the present time and quoted the adage that "Peace is not decreed by the will of one power." He said it was impossible for any nation to be effectively pacific unless it was always ready for war. France with diminished power and exposed by her own fault to denunciations and humiliations would, he said, be France no more. It would, he continued, be a crime against civilization to allow the nation to decrease its forces while other nations developed theirs without cessation. He enlarged the army and navy, and then alluded to the diplomacy of France having labored steadily during many months "among the perils of a redoubtable crisis."

The message had been approved by the Cabinet Council and was countersigned by Premier Briand.

Drummond Firm Sued
TO GET BACK \$10,000.

Lawyer Opposition Says the Charities Commissioner Believes
Charity Begins at Home.

Although Michael J. Drummond is the Commissioner of Charities, he was accused in the Supreme Court today of being so uncharitable as to overcharge the Jamaica Water Supply Company \$10,000 for pipes and material he furnished the water concern on a contract. In the transaction Mr. Drummond appeared as the firm of M. J. Drummond & Co., wholesale pipers.

Lawyer E. J. McGuire, for the Drummonds, asked Justice Lehman to dismiss the complaint in an action brought by Warren Leslie, Senator O'Gorman's brother-in-law, as president of the water company, to recover the \$10,000 from Commissioner Drummond. James W. Osborne argued the case for Leslie.

"Commissioner Drummond evidently believes that charity begins at home," said Mr. Osborne. "He bought all the goods and did not charge one cent for commissions, but if our contentions are correct, he added \$10,000 to the prevailing prices for the material."

Justice Lehman gave Mr. Osborne until next Tuesday to file a brief in opposition to the motion of the Drummonds for a judgment on the pleadings.

25 CENT "DANDERINE" FOR FALLING HAIR AND DANDRUFF—GROWS HAIR

Don't pay 50 cents for worthless hair tonics—Use old,
reliable, harmless "Danderine"—Get results.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine to-night—now—any time—will surely save your hair.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge.

Health and Beauty Hints

BY MRS. MAE MARTIN

Margaret: You can overcome the condition of which you speak, and until this is corrected you can hope for no relief. An economical, old-fashioned tonic and system regulator can be made at home by dissolving one ounce of kelp in a half pint alcohol, then adding a half cup sugar and enough water to make a quart. A tablespoonful before each meal soon rids the blood of poisons, stimulates and gives you strength and energy. When the blood is clean and the complexion takes on a healthy tint.

Grace M.: I know you will like delicate condition of which you speak, and until this is corrected you can hope for no relief. An economical, old-fashioned tonic and system regulator can be made at home by dissolving one ounce of kelp in a half pint alcohol, then adding a half cup sugar and enough water to make a quart. A tablespoonful before each meal soon rids the blood of poisons, stimulates and gives you strength and energy. When the blood is clean and the complexion takes on a healthy tint.

Miss G.: No, I would not use point of any make. House and power only cover defects—a spurting lotion removes them, but does not cure. It permits the pores to breathe, removes impurities and replaces the skin with a healthy bloom of health. Four ounces of sour milk (which you can get from your

druggists), put into half pint of hot water, to which are added two teaspoons of glycerine, makes the lotion which has been many a season leader to win their reputation for beauty. It is a simple, clean and you will never again spend money for powder.

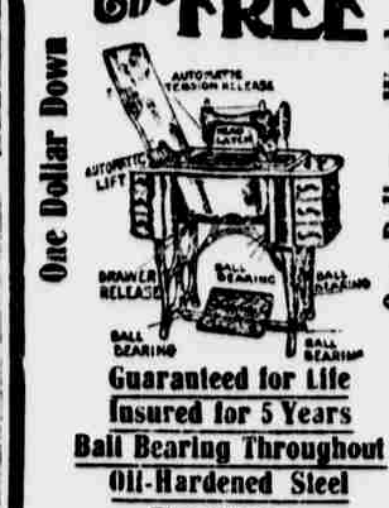

Another: Use the same shampoo for your little girl's hair that you do for your own. The only perfect shampoo is composed of a teaspoonful of kelp dissolved in a cup of hot water. Wash the mixture, which contains no "cream" alkali, as do so many advertised shampoos, is poured on the head and rubbed up into a lather. It not only cleanses the hair and scalp, but invigorates the roots. I have never used a shampoo which leaves the hair as clean and fluffy as does this simple home-made wash.

Ethel: You can overcome your eye troubles, the weakness, redness and burning which have been your trouble, by the use of a few drops of this mixture daily. One ounce of crystal dissolved in a pint of clean water. It is soothing to weary, tired eyes and a dependable cure for the eye strain, eye muscles and takes the nerve of the eye.

Dorothy: Do not worry about your flesh. Redness and itching are the result of a natural itching and itching exercise. The sufferer from too much flesh uses this simple, home-made and positively harmless, fat dissolver, which leaves the skin and the skin free from wrinkles. Dissolve four ounces of granulated sugar in a quart of water and take a tablespoonful before meals. This results in reduction without discomfort and the action is permanent.
